Is Agency on TennCare? Yes and accepts Cariten, Americhoice and Value Options

Services Provided:

- Inpatient to young women with substance abuse problems
- Pregnancy intensive outpatient program
- New focus- preventing children under age 6 months from coming into custody for parents' substance abuse issues
- Assessments
- 12-Step groups
- Dual diagnosis
- Relapse prevention
- Pregnancy support and education
- Aftercare
- On-site school and GED program

Brief Overview: A combination of traditional drug and alcohol treatment techniques with counseling and education provides clients with an individual program for treatment and support. We provide special services to pregnant teens that have significant involvement in the abuse of ATOD to help break the inter-generational cycle. Emphasis is also put on aftercare follow up with the new mother as these young women are at risk of falling back into their addictive patterns.
