- Individual therapy
- Family sessions
- Education on alcoholism and drug addiction and its impact on others

Organization Overview:

Cherokee Health Systems has served East Tennessee healthcare needs for more than 45 years. Their goals are to create a safe environment for developing a drug and alcohol-free lifestyle; to provide education about addiction; to provide support for the individual and his/her loved ones; and to develop a realistic personalized recovery plan at the completion of the program. Cherokee Health Systems believes that family involvement is necessary to help members overcome addiction, and education and support is offered for family members who are impacted by one's addiction.
